

# Girls & Engineering Day

## at the Fort Worth Museum of Science and History

**February 24th, 2018 | 12:00-4:00 pm**

**Cost: Included with Museum Exhibit admission**

Experience engineering with the girls in your life at Girls & Engineering Day at the Fort Worth Museum of Science and History. This activity packed afternoon combines hands-on engineering challenges, opportunities to talk with practicing women engineers and a chance to explore Museum exhibits.

### Here are a few of the experiences planned:

- ⚙️ Learn about electrical energy safety with Oncor
- ⚙️ Dissect interesting electronics with Lockheed Martin
- ⚙️ Learn about Cognitive computing with IBM
- ⚙️ Experiment with Light Emitting Diodes with Mouser Electronics
- ⚙️ Engineer your own musical instruments with the Society of Women Engineers
- ⚙️ Solve different building challenges throughout the Museum

A limited number of complimentary tickets for Dream Big in the Omni Theater at 2:40 pm will be available for the first guests attending the event. Tickets are available on a first come, first served basis beginning at 12:00 pm at the Girls & Engineering Day check-in Table.
