### **INNOVATION GALLERY SEPTEMBER 2013**

Transforming lives through extraordinary learning environments

Setting the stage for unique opportunities that nurture your imagination, curiosity and creativity that support science, technology, engineering, arts and mathematics (STEAM) education.

### In the Studios:

#### Inventor

Build big, small, wide or long with as many Keva Planks as you can imagine!

#### **Doodler**

Sketch, doodle, erase, crumple, fold, crease, tear, glue, design and create.

### **Designer**

Explore the luminous qualities and properties of light and color.

### **Imaginer**

Experience a rotating menu of playful and inventive activities.

The Fort Worth Museum of Science and History, founded in 1941, is accredited by the American Association of Museums.

817-255-9300 www.fortworthmuseum.org

Join us for BUILD IT, a festival celebrating architecture and building and the September 3 birthday of architect Louis Sullivan, considered by many to be the creator of the modern skyscraper. Build tall with KEVA® planks and Legos®. Design structures and towers in creative shapes using a variety of other materials.
