

# 21<sup>st</sup> CENTURY LEARNING ACADEMY

INTEGRATING **STEM** INTO THE CLASSROOM

The 21<sup>st</sup> Century Learning Academy will provide educators with in-depth experiences on integrating STEM education into their classroom. The pedagogy, practices and implementation strategies taught will enhance professional practice and help build educators' understanding of how STEM based instruction can benefit student learning.

## **K-2 Educator's Academy:**

June 25 - 29, 2018 • 8:30 am - 4:30 pm

*Limit 20 educators      Material fee: \$50*

Educators will participate in classroom instruction all day on Monday and Tuesday, in the morning on Wednesday, Thursday and Friday. On Wednesday-Friday afternoon educators will participate in the KIDS Camp. Educators will work with small groups of students to implement STEM strategies similar to what they would experience in their own classroom. On June 29 from 3 - 4 pm Teams will present their camp project to family and friends.

## **3-8 Educator's Academy:**

July 9-13, 2018 • 8:30 am - 4:30 pm

*Limit 24 educators      Materials fee: \$50*

Educators will participate in classroom instruction all day on Monday and Tuesday, in the morning Wednesday and Thursday. On Wednesday and Thursday afternoon and all day Friday educators will participate in the KIDS Camp. Educators will work with small groups of students to implement STEM strategies similar to what they would experience in their own classroom. On July 13 from 3-4pm, teams will present their camp project to family and friends and discuss their experiences during the camp.
